

ÅSLJUNGA PALLEN AB

Lastpall för industrin sedan 1951

22mm Half pallet

Specification:

Width: 600mm

Length: 800mm

Height: 164mm

Weight: app. 11kg

Thickness: 22, 80

Wood: Spruce/Pine

The 22mm half pallet is designed to be small but a strong pallet that can handle heavy weights and a lot of stress for its size. The pallet is designed to maximize its loading weight when it's placed on the ground.

The pallet has the crucial equipment in order to deliver the right function for its purpose. The pallet is suitable for a simple application with a lot of loaded weight.
