

ÅSLJUNGA PALLEN AB

Lastpall för industrin sedan 1951

22mm Pallet

Specification:

Width: 800mm

Length: 1 200mm

Height: 146mm

Weight: app. 18kg

Thickness: 22/80

Wood: Spruce/Pine

The 22mm pallet is a strong and robust designed pallet for tough environments. The pallet is nimble and free from other specific pallet return systems. The pallet is usable in the most external och internal applications. A 22mm pallet is suitable to handle heavy construction material.

It's a pallet designed for tough environments that can be reused many times.
