Wood: Spruce/Pine

The EURO pallet is the first pallet standard and was established in 1947 in Sweden. The pallet is design with robustness and looks and function the same way as it always has done. The EURO pallet is one of two of the most well-known return systems for pallets. Today it is UIC who regulates and supplies the EURO pallet standard.

The EURO pallet suits everyone who wants a standardized and well-proven pallet return system with sustainable and user friendly handling. The EURO pallet will meet most needs and can easily circulates between companies and countries.
